INTRODUCTION

The **School Profiles 2015-2016** is the twenty-second in a series of annual publications.

This issue presents a comprehensive list of public schools by parish, school type, classification, percentage attendance, capacity, student enrolment, number of teachers and number of pupils per teacher.

With the exception of percentage attendance, the profiles for the academic year 2015/2016, presented in this issue, were extracted from statistical returns made by the schools on **Census Day**, Monday, October 12, 2015. The percentage attendance presented refers to the Average Daily Attendance for the previous academic year.

The Ministry of Education, Youth & Information acknowledges and thanks all the persons who contributed to the production of the 2015-2016 School Profiles. Sincere thanks to the Senior Director - Planning and Development Division; Regional Directors, MIS Officers in the regions, Principals, Education Officers, Director - Policy Analysis, Research and Statistics and the Statistics staff. We are confident that the information provided will continue to assist policymakers, students, researchers and other stakeholders to develop a deeper understanding of the Jamaican education sector.
